

# COURTESY LISTING KITTY

This is Kitty. She is 11 years old and she adopted me several years ago. She's an outdoor cat with a set up in the garage for shelter. My husband is allergic so she cannot come inside.

I can no longer care for her and she deserves to be able to come inside a home where she would be more comfortable.

She is sweet and friendly and a little skittish. She is affectionate and loving. In desperate need to re-home her.

Thank you,
