

COURTESY LISTING

Libby

Libby is a female blue fawn Pitbull. She'll be two years old this summer in July. She loves to play tug-of-war and loves to chew on wood or anything she can find. She loves the water, especially when I'm watering my plants with the hose, I think she gets more water than my plants. I've never taken her to the river, but I think she would love it. She seems to get along with other dogs and my kitty cats. 🐱
