

COURTESY LISTING

Our little Dachshund Vigo needs a loving home!

He's 11 years old. Vaccines are up to date. He gets along with other dogs. If there is another male dog I fear he may pee in the house though! He is very good and playful with puppies and young dogs, and especially sweet with elder dogs.

He loves kids and yet nips them from time to time.
So best with older kids. The ideal scenario for him would be a peaceful home, with time outdoors everyday.

In the words of my young child:

"Our little dog is very calm on porches, in his bed in the house, but he is very fun and active in the woods and meadows, He hops over logs!"

"He very light so don't worry if he steps [gingerly] on your plants in the garden"

"At the river he cools his belly and relaxes in the shade while we swim"
