

COURTESY LISTING

Chibbi

"Hi! I'm Chibbi. I am about a year and a half years old (I don't really remember my birthday, but maybe we can make one when I move in with you!), tri colored, female guinea pig.

I'm looking for my forever home that is loving, food driven, and maybe even has another (female) guinea pig for me to hang out with.

I am friendly and chatty. I love treats (especially bell peppers, ends of celery stalks, black berries) and nose pets. My current family has been taking great care of me, and I'm happy being in the mix of everything. I am a fixture in the living room, and my cage door is always open to all for pets and nose sniffs. I'm not afraid of toddlers nor dogs. Never hung with a cat, but hear they can be cool. My original family first went on vacation and then moved away, and my aunt (current home) said she could watch me for 2 weeks but no one ever came to pick me up. Even though she's taking great care of me, I wasn't a planned guinea pig and a surprise she wasn't ready for as she's very pregnant and already has a toddler at home.

Hoping that we can meet and I can become a part of your family!"
