

COURTESY LISTING

Arwen

Arwen is the kind of dog who lights up every room—and every heart—she enters. With a spark of intelligence in her eyes and a boundless affection in every wag of her tail, she's the definition of loyalty wrapped in a soft, furry coat. Whether she's chasing after a favorite toy with uncontainable joy or curling up beside you for your morning coffee, Arwen knows just how to make the world feel a little brighter. Her playful spirit and unwavering love are constant reminders that the simplest moments can bring the greatest happiness. Arwen would thrive in a home with a fenced backyard where she can safely explore and play, and she'd do best with someone who works from home or has limited hours away, as she truly shines when she's close to her people. With Arwen by your side, every day is a little brighter, a little warmer, and a lot more full of love.
