## Mr. Fluffums

Mr. Fluffums is a 6-7 year old cat with long fluffy hair, black and white tuxedo. He is neutered and microchipped.

He is goofy and playful, loves his feather sticks and laser pointer. He will “help” fold laundry by keeping the clothes warm while he naps on them and will “help” make them bed by supervising you and inspecting your work while making the bed... just to make sure you do it right. He loves to explore the house and get into nooks and crannies and cabinets. He is also obsessed with drinking water from the faucet and will usually come running when he hears the water running. He is fascinated by the animals outside and will chatter when they taunt him at the window. He loves going outside on his harness and leash and will try to explore everywhere he can. He also loves to lounge by the fireplace or wood burning stove, that’s his favorite place to be when it’s cold. He also loves his cubbies on his cat perch and is very tolerant of dogs, but he’s not quite ready to be friends with them or play with them yet... but with the right dog, I think he could easily warm up to them. He’s very sweet, and loves to be loved on (on his terms) and when he’s ready he will come up to you and seek out your love in a very tender way with a very sweet meow. (Funny fact: when he meows, if you reply with “yea” he will mimic the word with his meow)

If you are interested in making him part of your family please call or text me at (530) 282-8292 or email me at [lunarowl87@yahoo.com](mailto:lunarowl87@yahoo.com). I do need to find him a home before March 1st, or I become homeless.
