BRANNI

Branni is 4 years and 8 months old. She's a big gal, a Great Pyrenees mix weighing 97 lbs. She is spayed, vaccinated, leash trained, crate trained and is good in a car. She knows basic commands. She has lived in a home with another dog, is fine with cats and kids. Branni loves belly rubs, attention and cuddling and also loves her outdoor run around time.

I am having to move and cannot take Branni with me.
