

Hoagie is a very friendly, playful, and snuggly boy! We think he is about 6 years old. He is neutered, chipped, and has had all his shots. He was originally rescued from a shelter in Humboldt County but was left with us when his owner abandoned him. We would love to keep him if our housing situation allowed it! He loves attention, cuddles, and sleeping under the covers—we think he would be the perfect companion for someone who is retired or works from home.

Hoagie is FIV+, but that doesn't mean he is unhealthy or that he will infect other cats! He will thrive best as an indoor cat, and he can totally get along with kitty housemates as long as they are neutered/spayed and not aggressive.

If you know someone that would love Hoagie, you can reach Quin at: (530) 559-1863 (call or text) or email: [quinlansgrim@gmail.com](mailto:quinlansgrim@gmail.com)
