Sampson

3-year-old male brindle Boxer
Looking for a new Forever home

Please call Rebecca
530-864-8074

Sampson is a 3 year old brindle boxer. DOB 4-22-2020 I've had Sampson since he was 8 wks old. He was the second addition to our family and raised with an Australian Shepherd. Sampson is a sweet natured typical energetic goofy boxer. He is playful and affectionate. Sampson loves snuggles and hugs. He will cuddle up in your sheets and lay his head on your pillow if you let him. He knows sit and down, is crate trained and walks mostly gently on leash. He is a three year old pure bred boxer. He loves to play fetch although also likes to play keep away. He was raised around kids and loves his two human siblings very much. Sampson is about 65 lbs. but does not know how big he is. He is a great security alarm and will bark when people arrive at your home. He does have decent manners and does know not to jump on guests arriving at the door. He will tell you he wants to be pet by leaning against

your legs. He also has been taught to

use two speaking buttons (like the tiktok dog Bunny) for the words hungry and outside. I am positive he could be taught more. Sampson has been to dog parks and plays well with other dogs.

The reason for needing a new home is he is no longer getting along with the Aussie in our home. I have been working with a great trainer, Leeron Liftik, and we have decided my home is no longer a good fit for him. He would be best suited in a home with another submissive dog or only dog home. He wants to play with our cat but prefers to chase him so cat homes are not a great fit. Although he has never been aggressive with ours. He is up to date with shots

and is a patient at Best Friends Animal Clinic. He is neutered and microchipped. It is breaking my heart to need to re home him and he deserves the best life. I know that he will be an amazing addition to another family. If you or someone you know is a qualified loving home please reach out or share Sampson with them.

Thanks all
