

COURTESY LISTING

Sav

Sav or Savvy is a 5 yr. old boxer/pitbull mix, black with white, neutered. Playful and sweet, of course a little on edge at first introduction with new people but warms up pretty quick. Has only ever been around his dad who passed in November so being around new dogs would need proper introduction. He loves to play outside and is rather low maintenance. He sleeps indoors on a blanket. He's a sucker for fluffy things so he will rip up a cushion dog bed. He loves walks which he uses a harness for because he is a pretty strong boy and the harness provides better control.
