## Gracie

I am heart broken having to re home my 4 year old female German Shepherd (Gracie.) She is a JOY and so full of love, however not doing well with our other female dog. She would do best with a family with a lot of property, no cats, no livestock and male dogs only. Gracie loves children and is a great protector. Gracie is spayed and up to date on all of her shots. Gracie is well trained and the most well behaved girl we have had. She has been well cared for with only us as her humans. Gracie has thrived having a mama who is home during the day, bed sharing in the evenings, couch hogging, and clowning around with her other furry friends. If you are interested in loving and spoiling this girl rotten, please contact Jamie. (530) 263-4440
