

COURTESY LISTING

CHI-CHI, HARRIET AND HUBERT

We are fostering this beautiful abandoned family. The two kittens, livewire Harriet and her docile brother, Hubert, are about 8 weeks old and almost done weaning. After mama Chi-chi heals from her spay (scheduled June 30), this family will need to be forever-homed. These cats love each other—they are inseparable—and we want them to stay together and continue to enjoy the best of everything as indoor/outdoor kitties.
