

COURTESY LISTING

Alma

Alma means soul in Spanish. This sweet little soul is looking for a new forever home. She is a two year old grey tabby originally adopted from Sammie's Friends as a companion kitten for kids who lost their kitty during the pandemic. She never did quite gel with the kiddos and spends most the day sleeping in quiet corners of the house. She seems to prefer a quiet environment and might thrive being the only cat in a home of adults. She loves to play and purr and make biscuits when you find one on one time together. She is an indoor cat with outdoor curiosity and likes to lounge on widow sills listening and looking out.

Please reach out to me if you think you could be a good fit for this good girl. We want her thriving and know this environment is not best for her well being.

Gratefully,

Alana Flores
