

# PLEASE HELP FIND A HOME FOR BOSCO!

This 9 month old male Akita - Mastiff mix  
was abandoned by his owner.

He has been neutered and chipped,  
is potty trained, and has all his current inoculations.

He loves to snuggle, run and play with his people  
and is working weekly with a trainer to become more  
socialized with dogs.

He needs a foster or permanent home  
with someone with a strong alpha  
command with dogs.
