

WE ARE UP FOR ADOPTION!!

Our names are Byron and Keetsie. We are both 4 year old neutered males. Our owner recently passed away and we were her whole world! We would love to go to a home together if possible. We are indoor only cats and are very sweet, just a little scared right now. We are healthy cats. A quiet home would be best for us as we lived with one elderly woman with no other animals but we can adjust to other animals if it is the right home. For more information about us please ask for Jordan or call/text at 530-277-4867.
