

# COURTESY LISTING

## Hunter

Hunter is 3/4 Rat Terrier 1/4 Jack Russel. He was born 10/6/23 and is 20 lbs, black and tan.

He has had all shots from Grass Valley Vet. and gets monthly heartworm medicine and has not been neutered.

I got him from a breeder in Lincoln. We were living on 5 acres with another dog.

We've since moved to a trailer park and Hunter need space to run. I am 60 years old, disabled and am finding I just don't have enough energy for him. I take him to the dog park daily and he loves other dogs and people.

He has too much energy for me. Please help me to find a good home for Hunter!

Sincerely,

Stewart Gerdon 530 205 7695
