## LALA ROSE

Due to unfortunate circumstances, we need to re home/foster our four year old 1/2 Labrador Retriever & 1/2 Australian Shepherd mix. Parents on both sides were pure bred. Her name is LaLa Rose. She is a great dog, smart and will do anything for treats. She loves to have fun, she loves to run. She loves to learn new tricks. She loves to be with the family, protect them and always be with them.

LaLa is a big girl weighs between 90-100 lbs. She has had all her shots up to date, rabies, spayed, microchipped thru Home Again and is licensed in Nevada County.

Her ideal place is where her love and appreciation towards the people she is with and cares for is mirrored back to her in positive fun filled loving ways 🥰😘😂 she has a great fun filled sense of humor fueled by love, caring and kindness. She is protective. LaLa loves to swim and play fetch. She will bring back the ball and drop it at your feet.. It's a very difficult situation as we are going thru a Hospice Life situation with our family member at this time.

Hopefully a foster situation for LaLa but if a perfect life fitting family situation for her and those involved happened I would not intervene in Gods plan.

Sincerely, LaLa Rose's 🌹 Human Partner (so far on this life journey)
