

COURTESY LISTING

2 cats

Hi, my name is Shelly and I have two adult cats one as Siamese and one is a gray, medium haired tabby, who are bonded together that I need to find new homes for. We just can't give them what they need and they deserve better. We have a new baby and we've had to keep them downstairs which is a big area, but they really need attention. They're very affectionate and they're both boys. I really need help making this happen because I feel awful that they aren't getting the life they deserve. Thank you so much.
