

COURTESY LISTING

Lovely Barn Cats needing good homes

I have 3 young barn cats all female. 2 are brown tabbies and 1 is a tortoiseshell. They are all 4 months up to 1 year old. These 3 Beauties have all been spayed, documentation to be given and vaccinated and flea treated. They are ready to get to work on your property and provide top notch rat and mouse control. Please reach out to me Rebecca Schneder 916 716-200Eight. I prefer a call and or text. I am willing to transport the cats to you. Cats will need a minimum of 3 to 4 weeks acclimation time in a kennel , barn or home.

Thank you,

Rebecca Schneder
