

COURTESY LISTING

Sweet Pea

Sweet Pea is a very smart dog with lots of energy who needs room to run around and/or walk every day. She is great with kids and cats and is very curious. She can learn to get along with other dogs if they also like to play. She loves people and is great as a hiking companion, leash walking is very easy. She is crate trained and likes to sleep on blankets. Sweet Pea always wants to run and greet other dogs but with more training, can learn to stay still. Also, be wary of children's stuffed animals. She loves toys and may accidentally destroy a loved stuffy.
