

COURTESY LISTING

Cosmo

Hello!

This very sweet large breed puppy is looking for a new home! His mother is a Great Pyrenees and father is an Italian Cane Corso / African Boerboel mix. He has had all shots, is socialized with chickens, and extremely friendly with people/ children, as well as the few other dogs he has had exposure to. He is almost 6 months old, not yet neutered and currently about 60 lbs.

We unfortunately need to re home Cosmo ASAP because he and his brother were adopted together and are experiencing littermate syndrome (resulting in instances of high aggression toward one another, but no one else). A trainer and behavioral specialist assessed Cosmo as very calm for a Great Pyrenees with a high level of sophistication.

Seeking a loving home with adequate outdoor space and solid fencing. We will interview, do a home inspection and ask for a small rehoming fee. His new family will also receive a detailed and effective training protocol and a free session with the behavioral specialist specifically to help ensure a smooth transition.

If you are interested and would like to discuss, please email Sheerlie at sryngler@gmail.com.
