

COURTESY LISTING

2 Tabby cats

I have two DSH brown tabby cats. 12 years old, one male one female, both fixed and microchipped. They are very sweet and friendly and love hanging out on or near your lap. They both get along well with dogs and other cats. Smokey is the male with white markings, and Piper is the female with no white markings.

Brown spotted Bengal, 8 year old spayed female microchipped. Friendly and seeks out attention and pets but is not a lap cat. I have had her since she was a kitten, and she's been raised with dogs and other cats and does well with them.

Brown marble Bengal female is 3-4 years old and spayed. She is indoor outdoor and handleable but pretty skittish. I've only had her for about a year but she does get along well with other cats.

My phone number is 760 501 5034 text is the quickest way to get a hold of me.
