

COURTESY LISTING

TONY

He is a great dog and unfortunately we are needing to re home him.

He will do best with out small children and a single dog. He also would do best with out cat living with him.

Tony gets along with everyone and dogs. He just doesn't really like to play with other dogs. He likes being lazy in his own home.

I've had him since he was about 8 weeks.

Tony knows the basic commands and is very loyal.

He is not neutered.
