Rufus

Rufus is 8 years old, 100% mutt, and around 115 lbs of pure love. He is good with cats and chickens (does not chase) and good with most other dogs as long as there is proper introduction. He would do best in a home with no small children but loves older kids (10 and up). Rufus would love a home with lots of land to run around on and an owner that loves to take him on walks/hikes. He is an excellent guard dog and does not mind spending a lot of time outside but also needs lots of attention and affection from his humans (he loves his couch cuddles!). I will be conducting thorough interviews and home checks to find the perfect match for this magical dog.
