

COURTESY LISTING

IMMEDIATE FOSTER NEEDED

My sisters and I are looking for a temporary foster home in Grass Valley/Nevada County for our dad's two cute cats. The cats are named Sargent Peppers (female, black cat) and Namé (male, brown tabby), they are siblings and are about 6 years old. Our dad went to the hospital last week for a life-threatening emergency (he is in the ICU), and while his health is improving, he will not be able to care of them for at least another 1-2 weeks. We have pets of our own and are based in the Bay Area, so we are unable to take them during this period. We would like to keep the cats closer to our dad's house while we transition him back home/come up with a long term plan.

Sgt. Peppers and Namé are easy to take care of. They aren't very social with people who aren't my dad, so you may not see them much. They like comfortable places to hide during the day (under the bed, couch, etc), and they play with each other when they are alone. They love cardboard boxes and blanket forts. They eat dry food and drink from a water bowl, which is typically left for them to graze throughout the day. They have also been using regular kitty litter in a shared box. We can bring their current supply to the temporary foster home to support them for the next few weeks. They are also up to date on shots and are spayed/neutered.

Please reach out to me, Lizzie Fisher, at 925-395-1134 if you are able to provide some support to us during this difficult time, and I'd be happy to further discuss details. We appreciate your consideration 🧡🐈🐈
