

COURTESY LISTING

This is Scrappy Doo, AKA Scrappy. He is a Purebred Queensland Heeler and is in need of a good home. He is 8 years old and has been neutered. He is overall a really good dog. Smart and just wants someone to love him. He has been an outdoor dog mostly but is inside some as well. He is potty trained. He loves to run, catch balls, toys, sticks, or whatever you throw, and loves to swim and retrieve as well.

Scrappy seems to be selective about his doggie friends but lives peacefully with two pit bulls however he doesn't get on well with our female Queensland.. He does okay with cats and most farm animals...although he has bitten a deer that used to stay on our property. He is up to date on his shots.

He is wary of strangers and barks at first, but given a few minutes to warm up he will be your new best friend. We are unsure if he is okay with small kids since he has never been around any. He has never shown aggression towards people. Has been around teens.

If you have any questions, please call me at 916-206-0606.
