

# COURTESY LISTING

## GUINEA PIGS

Due to a move into a temporary home we are hoping to re home these adorable Guinea Pigs.

We are looking for a loving family who is able to adopt the two mother/daughter females together as they are used to cohabiting together or the male who is on his own that would be wonderful. They are sweet and gentle little Guinea Pigs who are used to being handled by children. They love watermelon treats! ❤️

We are providing the cages and all the supplies they have to the ones who will adopt them.

Thank you!
