

COURTESY LISTING

Lily and Odie

Odie and Lily are twins from the same litter. They are very bonded to each other. They will be 2 years old in May. They are Jack Russell/Rat Terriers. They have a lot of energy and like to run around outside. We would like them to have a fenced yard outside and preferably a doggie door so that they can go in and out by themselves. They are extremely lovable, love to be petted and talked to. They have never bitten anyone. They are coming from a family with children. They have been neutered and have had all of their shots. They are very healthy.
