

COURTESY LISTING

Meet Fraxiom!

This gentle giant is ready to steal your heart and be the perfect addition to your family. Fraxiom (“Frax” for short) is a loving, loyal boy who gets along wonderfully with children, cats, other dogs (with proper introductions) as well as small pets like birds and reptiles. He’s also great with livestock, making him a wonderful companion for a home with space to roam.

Frax is 1/4 Anatolian Shepherd, 1/4 Brazilian Mastiff, and 1/2 American Staffordshire, combining the best traits of each breed: loyalty, protectiveness, gentleness, and an easygoing nature. Raised from 8 weeks old, he’s been part of the family from the start and is looking for a new forever home where he can be cherished as much as he gives love in return. Frax will thrive in a home where he can get plenty of love, attention, and exercise.

Not only is Frax affectionate, he’s also very well trained. He knows all standard commands in English and can respond to most commands with hand signals — making him a joy to work with and a pleasure to have by your side.

He was recently neutered, is up-to-date on all vaccinations and medications (heartworm test negative).

If you’re looking for a devoted companion who will greet you with a wagging tail and a warm heart every single day, Fraxiom might just be your perfect match.
