

Courtesy listing for Vin

Vin is a male Pitbull, 5/6 years old, about 60 lbs., and neutered. He's very sweet and loving. He's got a lot of energy but can also sleep the day away and lounge with the best of them. He has good recall and always wants to please. He's crate and house trained. I can leave him out in the house when I'm gone with no issues. He is dog selective and has only had issues with highly alpha dogs. He loves to be loved so someone with the time to be home or take him with them would be perfect.

Thank you for your time and for reading. I would also consider temporary boarding for Vin.
