Meet Pigsie!

Female spayed,
4 1/2 years old,

Indoor out door potty trained (if there's a bell hanging from the door she will ring it to let you know she needs out)

Lives with dogs but she doesn't like them but has learned she has to be nice,

She eats Muzuri pig pellets,

Weighs to much right now about 175 pounds,

Doesn't mind chickens and goats,

Is very shy when she meets new people, it takes a while for her to get to know them but after that she loves belly rubs!

Doesn't like her baths (who does really)

And doesn't mind hooves trimmed at all.
