## Meet Pearl!

It is with a very heavy heart, I am looking for a new loving home for my beloved dog, Pearl. Pearl loves people! But she does have some aggression with other dogs. Mostly her aggression happens when she is on a leash but recently she bit another dog that came on our property. Her best friend is a beagle from next door and she also has many other dogs that she gets along with.

Unfortunately, I do not have a fenced area where I have been living for the past year, and after this last incident I do not want to keep letting her roam free. She usually stays close by but I cannot risk her getting into it with another dog again. I am deeply saddened by having to do this because she has been a huge part of my life for four years now.

I am looking for a home that will love her as much as my family and I do, or more. Preferably with a fenced yard and room to roam.
