Meet Eden!

Eden

Edie is about 3 years old, spayed, microchipped, and vaccinated. She absolutely loves people and is the sweetest girl ever. She's long-haired and looks like a Maine Coon mix, although she's tiny and probably weighs about 8 pounds. She's litter trained and is cat and dog friendly. She's a playful girl, but really wants to be held and cuddle more than anything. Edie is an indoor cat only.
