Peapod is 11 years, but you won't know it! This gal is always raring to go on a long hike or any adventure. Not a clinger or Velcro dog, Peapod is a strong independent type. She is loyal to her people, but also her own girl. Pea is healthy and her foster has all her vet records.

If you want to meet this charmer, email us and we will put you in contact with her guardian.

Peapod says to remind you that senior dogs rock!!!!!!!
